Beeping sounds, Area of sighting had wheat flattened in circular area w/three impressions in earth. Cow was acting strangely and 10 yr old wnet to see why. Saw space ship take off vertically. Rose slowly with beeping sounds and at about 40 ft elev zoomed off into space. Like rocket. Total duration 4 seconds. Regarded as figmant of lad's imagination by reporting officer.				11. COMMENTS In view of alleged landing, holes in ground around circular area, and statement by the witness the sighting is regarded as a hoax rather than imagination of the witness.

OFFICER: INASMUCH AS THE INFORMATION RECEIVED WAS

INSUFFICIENT FOR COMPLETION OF THE INITIAL REPORT

AND BECAUSE OF THE PROXIMITY OF THE INCIDENT,S

ALLEGED OCCURENCE IT WAS AGREED THAT ADDITIONAL

ON SITE INFORMATION SHOULD BE OBTAINED. IT IS FELT

THAT THIS IS A PRODUCT OF THE YOUNG LAD,S IMAGINATION.

HIS DRAWING OF THE MACHINE WAS ALMOST IDENTICAL TO

THAT PRESENTED IN A CURRENT COMIC STRIP. CONSIDER

HIS OBSERVATION TO BE A NON RELIABLE IMPROBABLE

REPORT (F-5).

THE HUBBARD, OREGON, LANDING: On May 18th, a 10-year-old farm boy named [REDACTED] made one of the most sensational of the recent series of saucer reports. At 7:30 a.m. young [REDACTED] was running the cows out to pasture on his parents' farm when he noticed a shiny silvery object with four prongs. The UFO was sitting in a wheat field not more than 200 feet from him. It was "about the size of a kitchen table," and five feet high. As he watched, unbelieving, the object began to take off slowly, making a beeping sound. When it reached telephone pole height, the UFO suddenly "zoomed up like a rocket" and disappeared. The boy then ran home in panic and told the story to his mother, who tried to calm him. She then called the sheriff's office.

While waiting for the sheriff to arrive, Mrs. [REDACTED] and a neighbor named [REDACTED] decided to take a look in the wheat field. What they saw was an almost perfect circle about three feet in diameter where the wheat had been evenly flattened. Outside the circle they found three "prong" marks, though [REDACTED] had said there were four. [REDACTED] father, who is the local postmaster, was notified of the incident, and about an hour later he saw for himself the strange marks in the otherwise undisturbed 40-acre wheat field. A sheriff's deputy arrived later and saw the same marks, and still later a team of Air Force officers came to investigate and take pictures. It was obvious to all that [REDACTED] was really shaken up by the incident, and the deputy sheriff remarked: "That boy either saw something or had hallucinations. He wasn't lying."
